January 16th	<b>Mono Photography with an Edge</b> 'Mono Photography with an Edge' is a dip into the world of unorthodox and dramatic photography, something Jerry loves. Photography based on instinct, experimentation, close proximity and including many people and large crowds. There will be lots of contrast, wide angle lens usage, heavy blacks, tension, angles, over-exposure and some unusual framing and cropping.	Jerry Webb	
February 6th	<b>Night and Day</b> The panoramic art of capturing time! 'Soon after picking up my first camera I fell in love with landscape photography and almost immediately developed a passion for wide format panoramas. As a graphic designer with over twenty-five years' experience, creativity is at the heart of everything I do and before long I was looking to develop my own perspective on image making.'	David Jenner
